

Grady the Camera Learns to See

This is Grady
the Camera.
Grady loves
to look at
pictures!

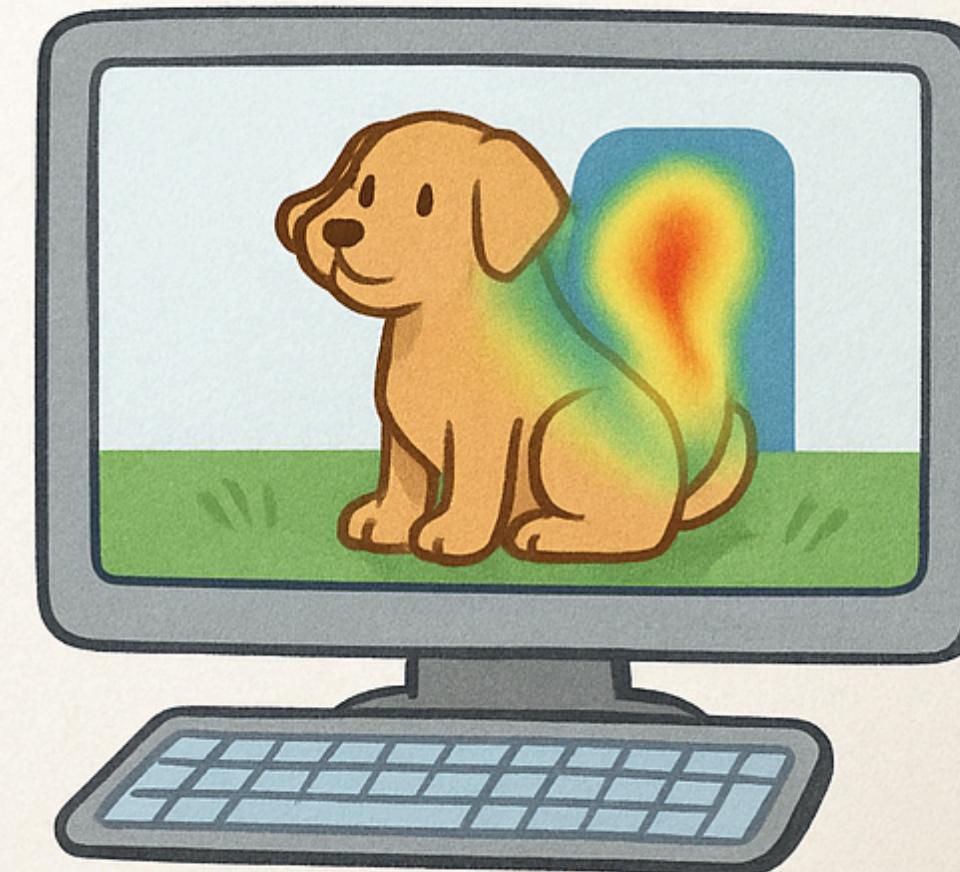

Let's learn about Grad-CAM!

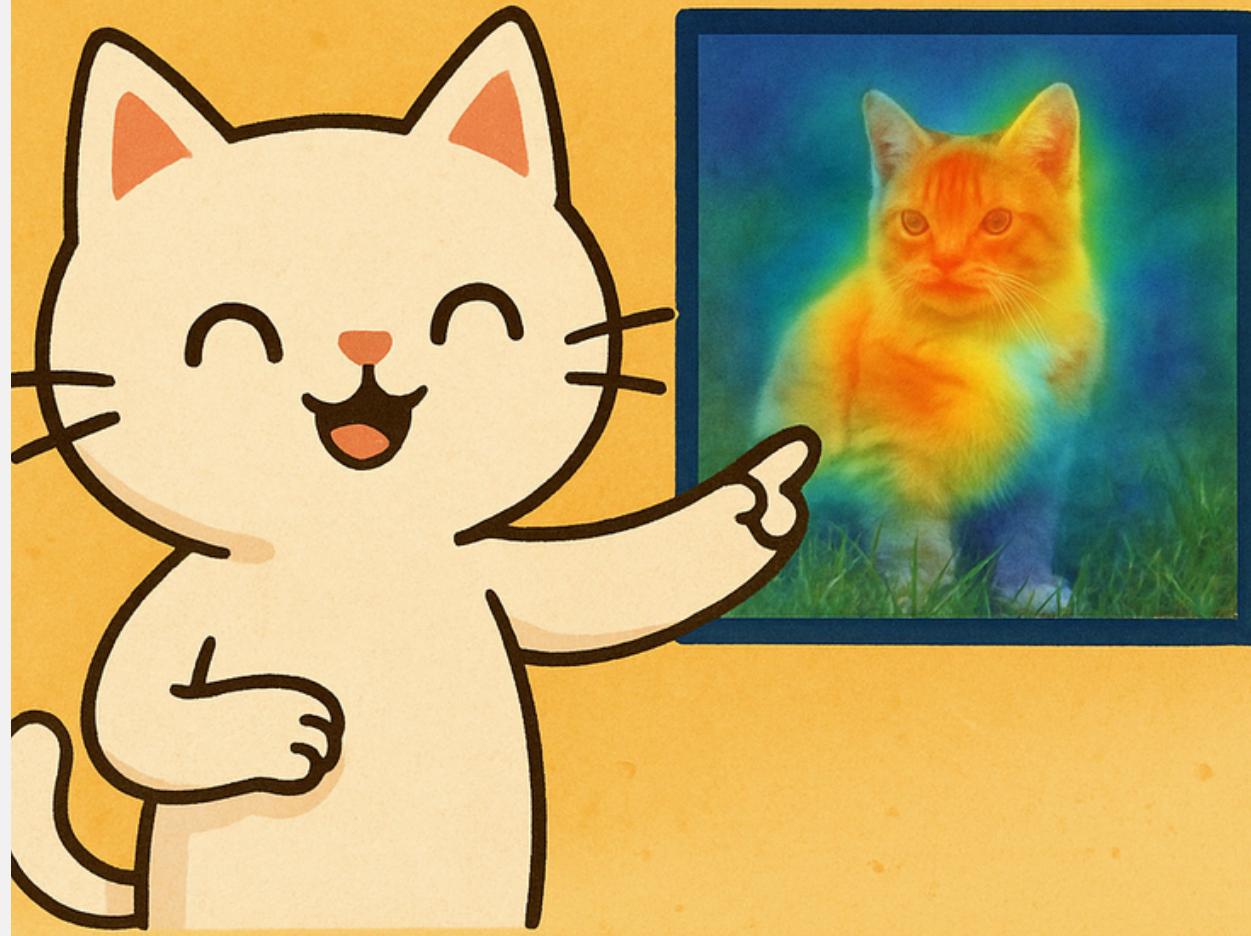

Let's learn about Grad- CAM!

We can teach a computer to recognize things in pictures. Grad-CAM helps us see what part of a picture the computer is looking at!

MEET GRAD-CAM!

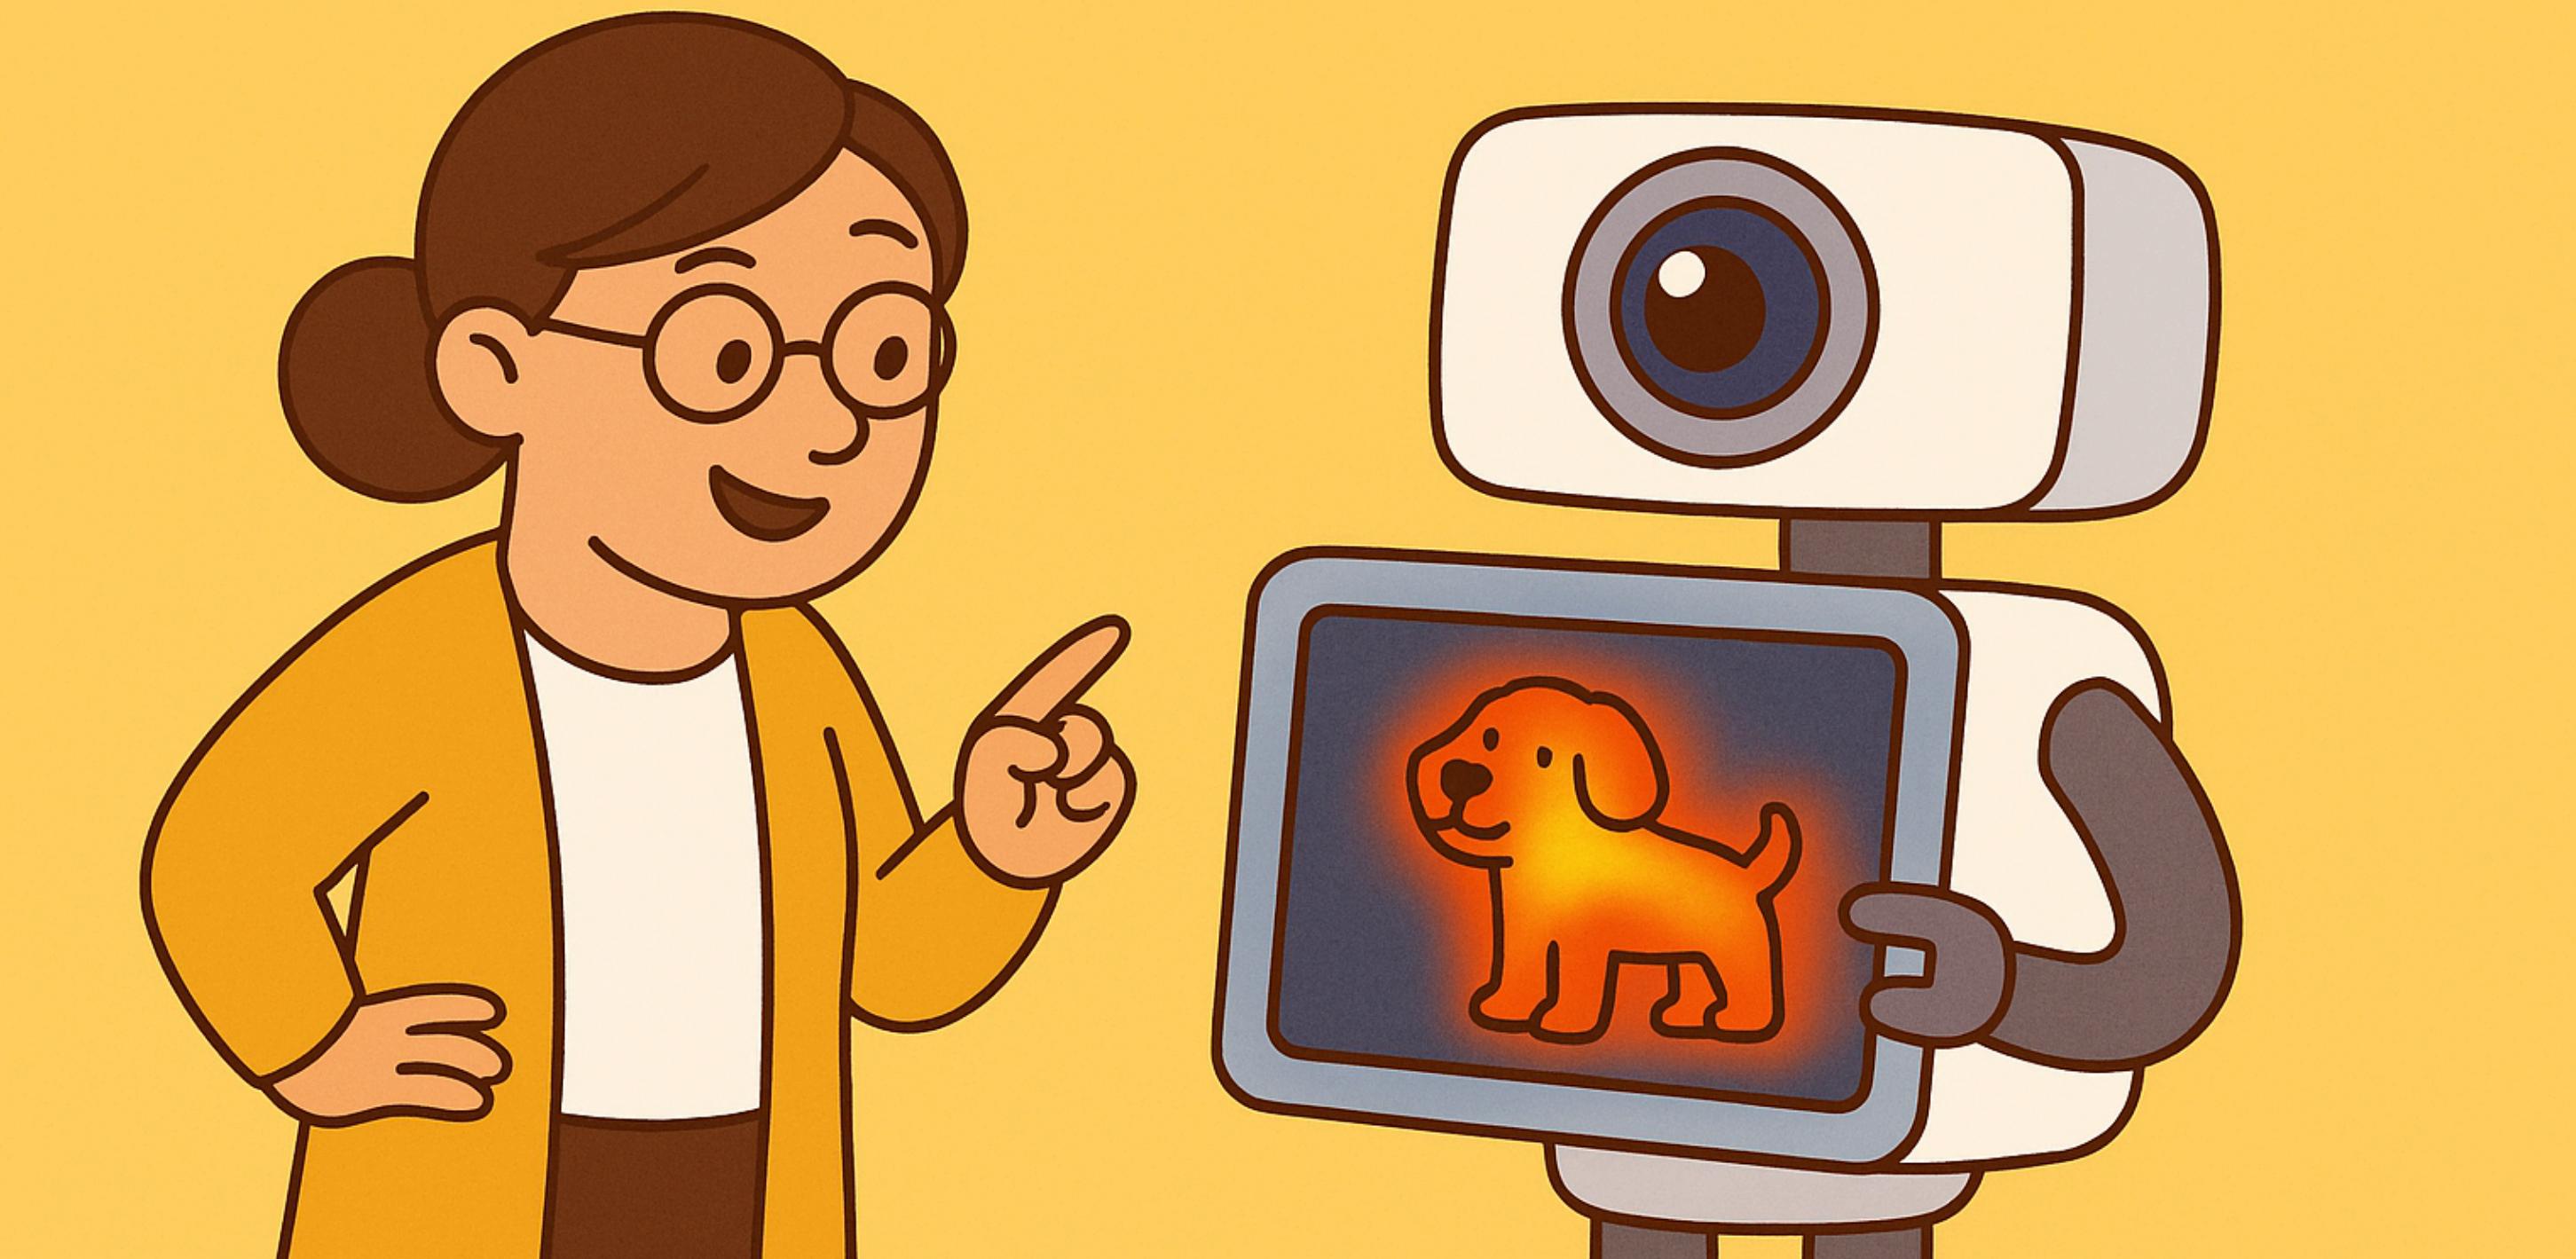

GRAD-CAM helps us understand how computer pictures work!

The AI helper shows a picture of a dog and says,
“I used a special tool called Grad-CAM
to help find the dog!”

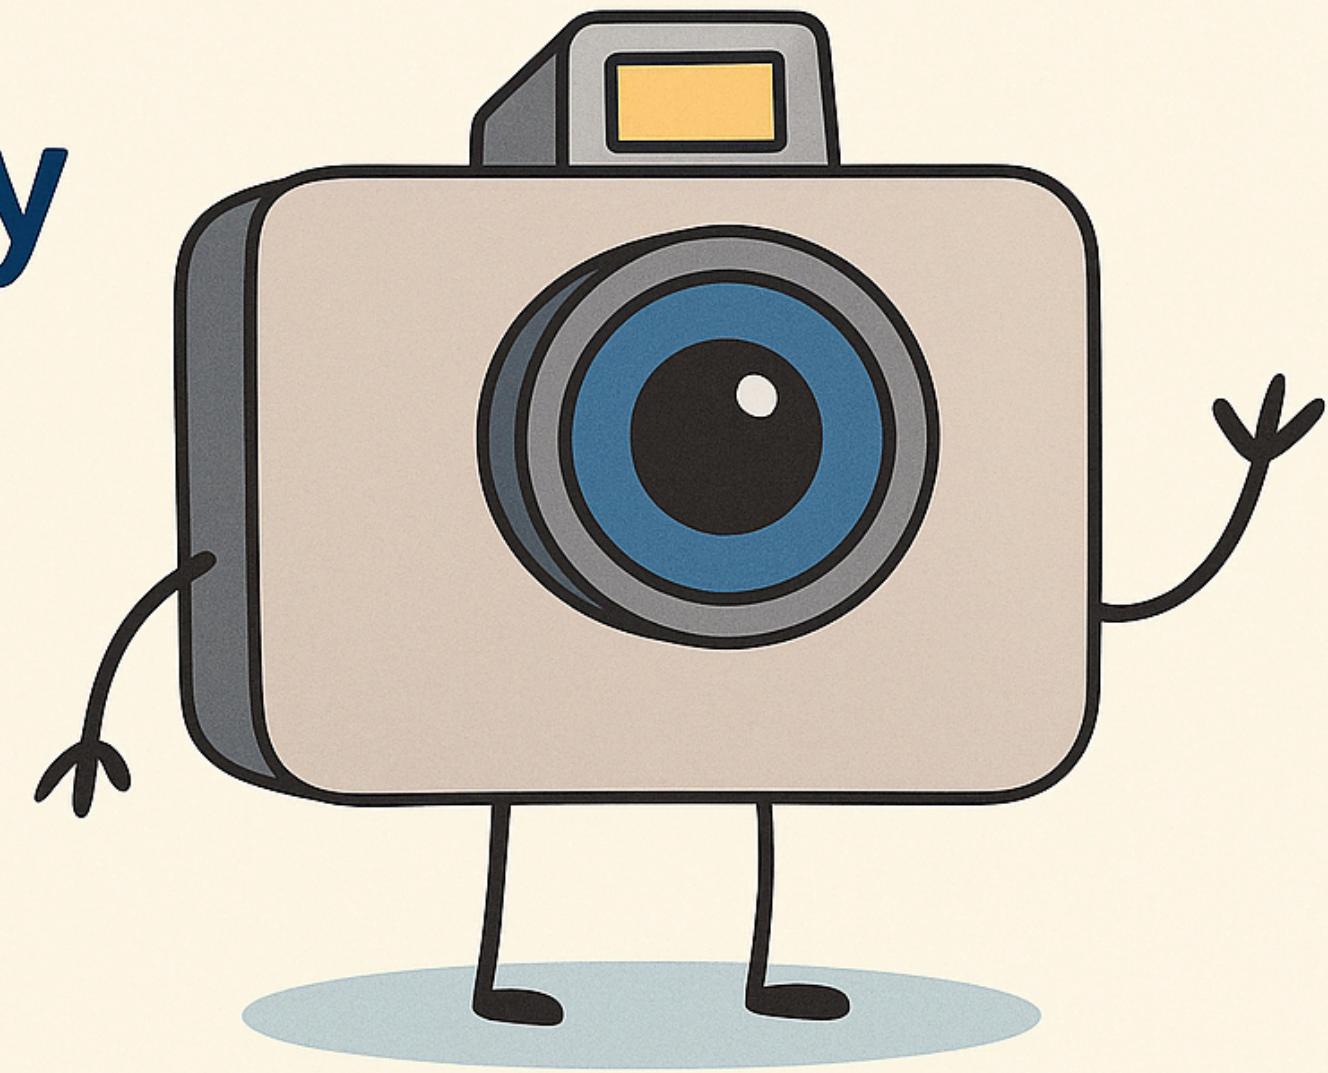

**Grady shows his teacher.
Now they can see why!**

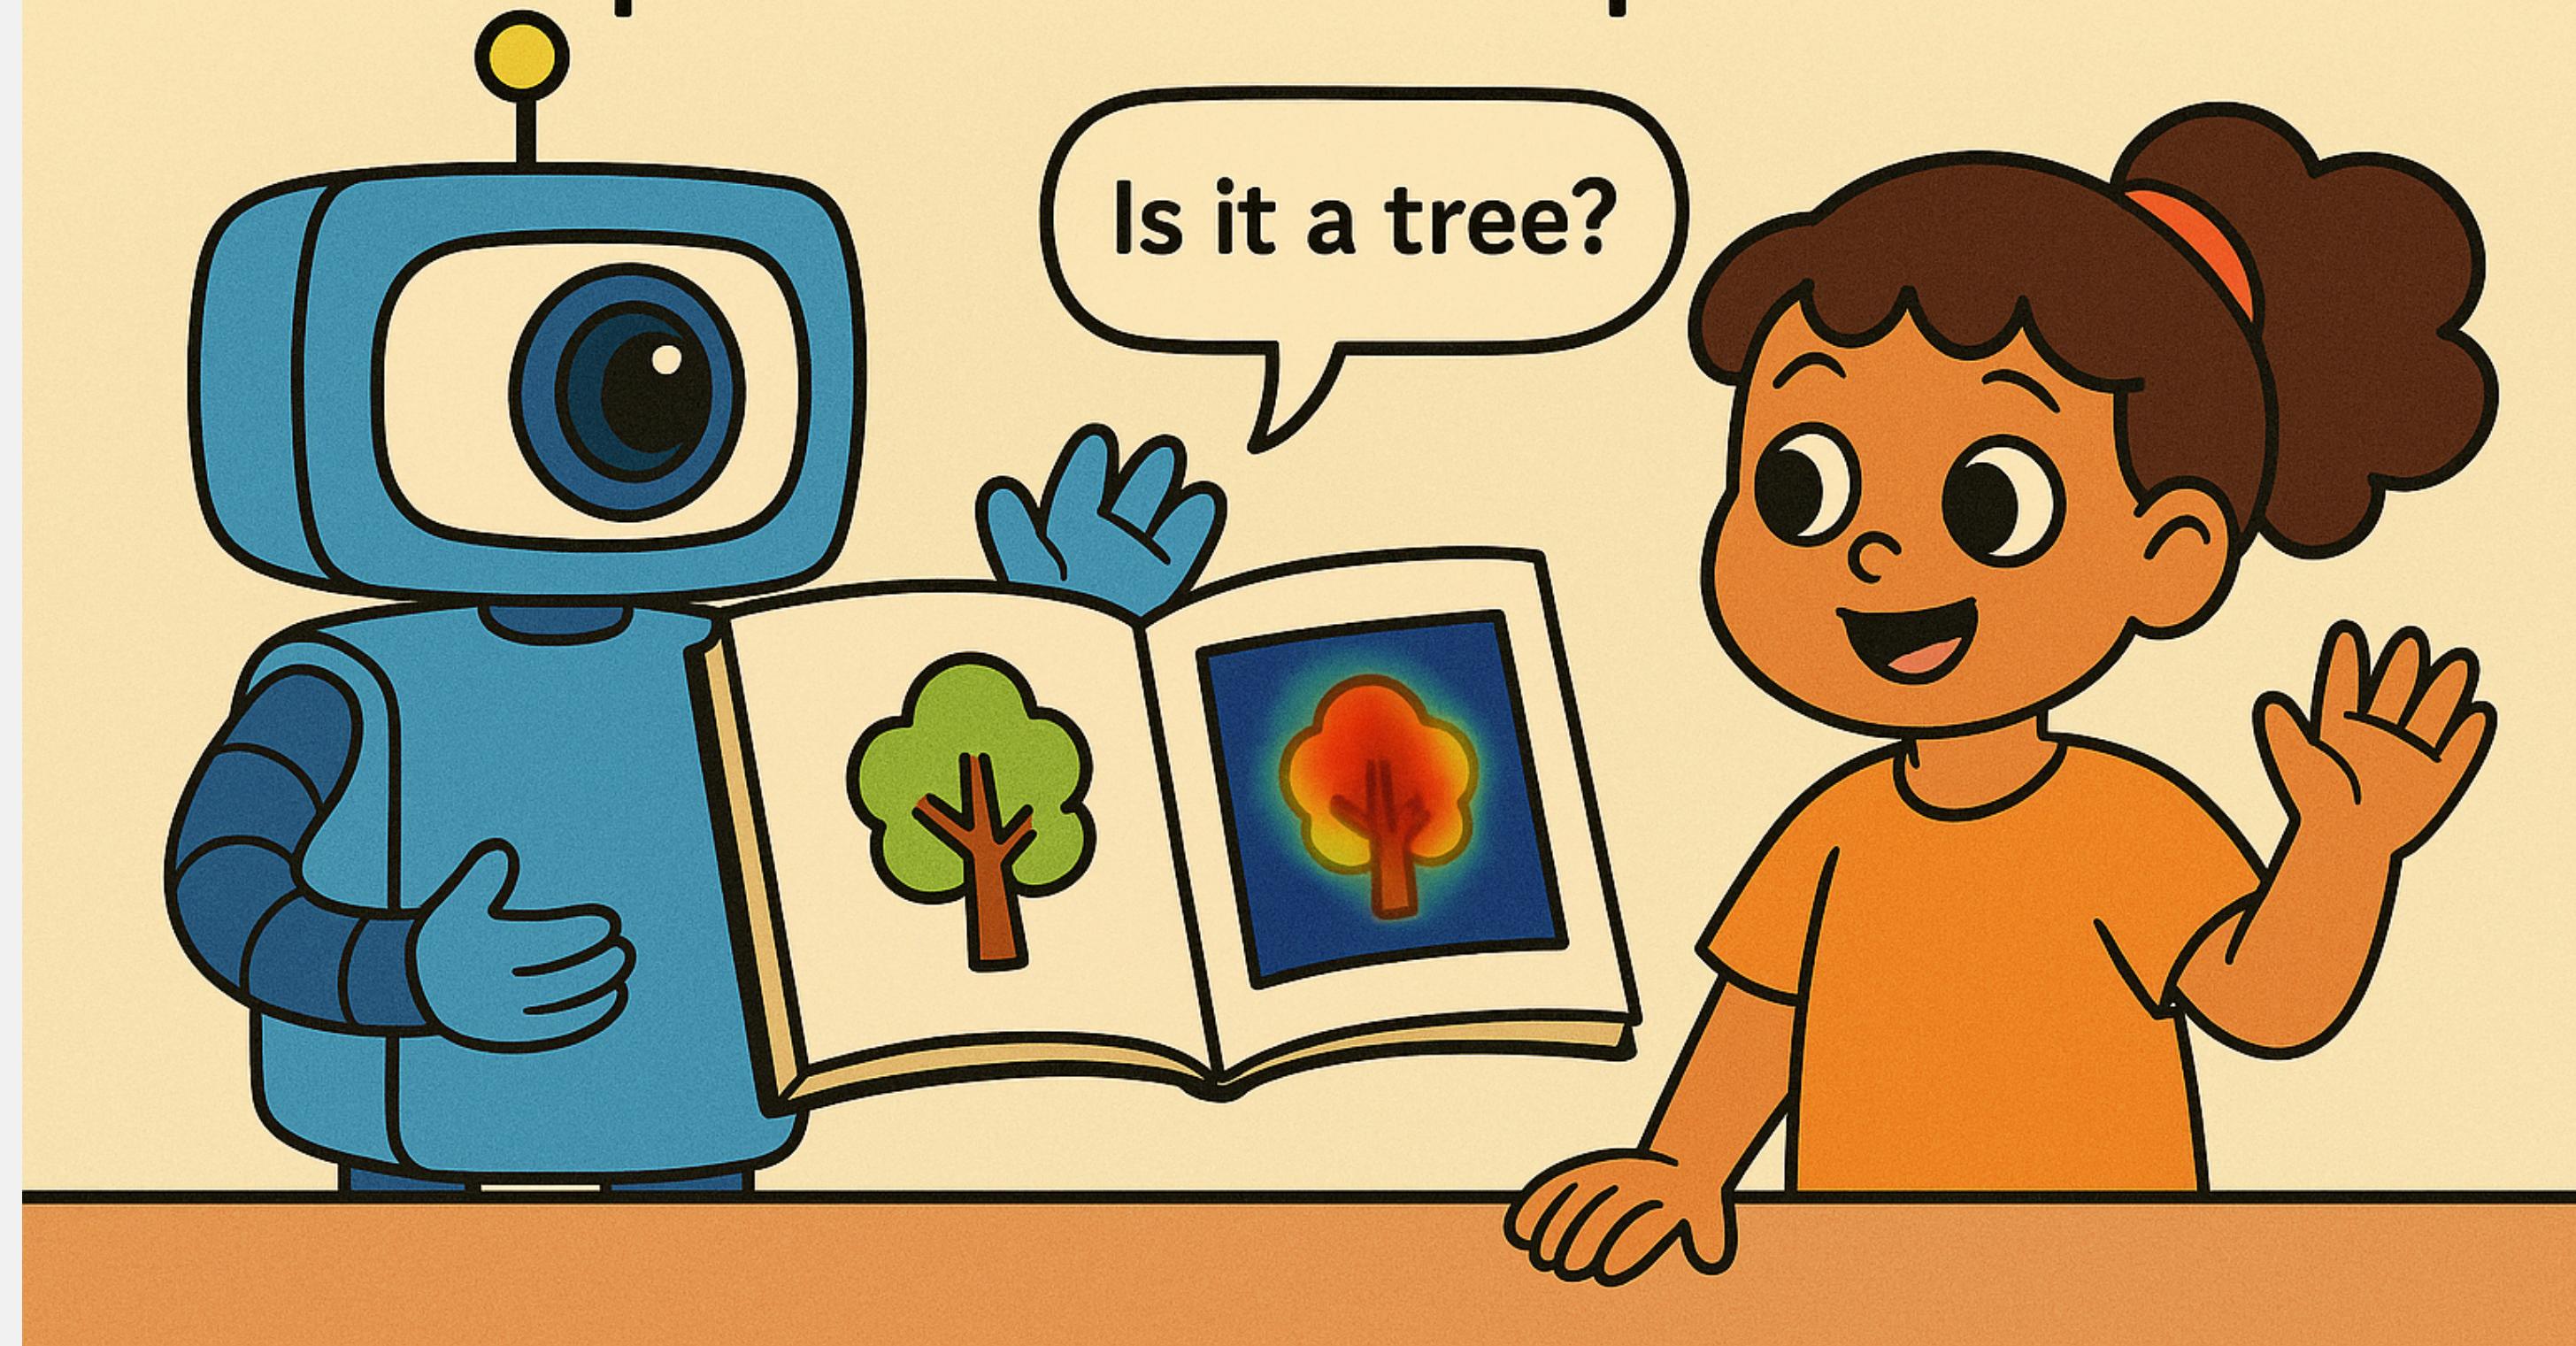

**Grady and friends work together—
people teach Grady, and
Grady shows what he sees.**

**Grad-CAM
makes Grady
happy that
he can
explain!**

We use Grad-CAM to answer questions about pictures!

**Great job, Grady! Grad-CAM
makes it easy to understand
computer pictures!**
